Notes

I think we have kept the
basic standard of BA
in the case of Medical
Scholarships in the same
way as we did a few years
ago in the case of Engineering
Scholarships - We ought to
select & encourage
the best talent available -

There is no flaw of the requisite No. of B A obtained now being reading for the comm. - Clap representation showed no doubt the men due consideration when qualifications are equal - But it does not seem quite fair to B A obtained that they should be kept over in favor of F A obtained on the ground that the former are Brahmins & the latter are non Brahmins - This is also the Revenue opinion (Vide his D O dated 9-7-03) and I am sorry that no orders have been issued in terms thereof -

In the present case in accordance with precedents & the G of I's recommendation made in consultation with the Civil Surgeon may be appointed even though it involves the supersession of certain B A obtained & one F A obtained who stood 1st in selection, since the minimum educational qualification required under present rules in case F A - I do not know as No 4 has been appointed to No 11 other of the Revenue in District

The selection ~~of~~ ~~the~~ ~~Fernandes~~ -
Another order ~~must be~~ passed
on the lines of the following remarks
- but I rather think that
it would reduce the number of
Short selections from three to
two & increase any number of
candidates & the necessity for
~~more~~ special encouragement
does not exist as much as ~~formerly~~
formerly was the case -

121 of '03

The Govt of H.H the
Maharaja of Mysore, Consider
that the time has now arrived
for raising the educational
qualifications required of
the Candidates for the Medical
Scholarships from the F A
to the B A Standard as in
the case of the Engineering
Scholarships, and they are
accordingly pleased to direct
that only Graduates need
apply in future for the
Medical Scholarships Among
the applicants those possess-
ing the highest educational
qualifications will ordinarily

be selected and when
the qualifications are equal, of
the cases of persons having
special claims or belonging
to classes not adequately
represented in the Deptt
will receive special
consideration

Govt may also consider that as ~~there are at present a sufficient number of persons who have obtained the diploma in medicine, ready for employment when occasion arises~~ there is at present no lack of qualified candidates for appointments in the medical dept & of applicants for the medical scholarships awarded available, the necessity for special encouragement is not so pressing as heretofore The number of medical Scholarships awarded every year will therefore be reduced from 3 to 2

3 The Govt of Bd

to Requested to make
the necessary alterations
in the future notifications
inviting applicants for
the Medical Scholarships
